Are You Closer to Me

Look at me, I'm insane
Got a pill to make me better
Now and then, doing what I can
To write that letter

Sometimes it's hard
To find that feeling
Stop using lines to make me hit that ceiling

Are you closer to me
I need you in my fantasy
Do you still want me
I need you to be with me

I want more, I want more
I want more, more
I want more, I want more
I want more, more

Look at me, I'm insane
Got a pill to make me better
Now and then, doing what I can
To write that letter

Sometimes it's hard
To find that feeling
Stop using lines to make me hit that ceiling

Are you closer to me
I need you in my fantasy
Do you still want me
I need you to be with me
