Music Made for Lesbians

Give Me Your Hand

It's cold outside
And I'm all alone
I'm all alone, in my mind
I am beside him
I need you to, believe in me

Give me your hand
Give me your promise
Give me your life
Give me your body

It's cold outside
And I'm all alone
I'm all alone, in my mind
I am beside him
I need you to, believe in me

Give me your hand
Give me your promise
Give me your life
Give me your body

Give me your hand
Give me your promise
Give me your life
Give me your body

Give me your hand
Give me your promise
Give me your life
Give me your body

It's cold outside
And I'm all alone
I'm all alone, in my mind
I am beside him
I need you to, believe in me
