If You Ever Invent Me

If you ever invent me
What would you make me do
If you ever relieved me
You know what I would want to do

Because I love you
I love every part of you
And I love you
In every little thing you do

Because I need someone
To love someone
Make all my dreams come true
Because I need someone
To love someone
Make all my dreams come true

If you ever repent me
What do I need to do
If you ever believed me
My feelings are never blue

Because I love you
I love every part of you
And I love you
In every little thing you do

Because I need someone
To love someone
Make all my dreams come true
Because I need someone
To love someone
Make all my dreams come true

If you ever invent me
What would you make me do
If you ever relieved me
You know what I would want to do

Because I love you
