Music Made for Lesbians

Our Attraction

I only want one thing
To give you anything
My heart is open baby
I need a diamond ring

When you're around, babe
I hit the ground
My heart is pulsing baby
Realising our attraction, ooh
Attraction, ooh
Attraction, ooh
Attraction

I have you in my head
You want the love instead
If you want action baby
You need me in your bed

When you're around, babe
I hit the ground
My heart is pulsing baby
Realising our attraction, ooh
Attraction, ooh
Attraction, ooh
Attraction

I make you feel excited
I make you feel confused
If you deny me baby
I bet you wouldn't lose

When you're around, babe
I hit the ground
My heart is pulsing baby
Realising our attraction, ooh
Attraction, ooh
Attraction, ooh
Attraction

Music Made for Lesbians

I know you're contemplating
Something to make you move
You've got me risking nature
To make this feeling groove

When you're around, babe
I hit the ground
My heart is pulsing baby
Realising our attraction, ooh
Attraction, ooh
Attraction, ooh
Attraction
