Music Made for Lesbians

You Can't Believe

You can't believe your luck
You know you're never stuck
Got be all tied up
Serious intentions

You can't believe your love
You know it's from above
You've got it all sewn up
Intelligent discussions

You can't believe
You never leave
Options on the table

You can't believe your crush
You know it's rather lush
You've got it all made up
Glorious impressions

You can't believe your lie
You know you can't deny
You've got it all screwed up
Private indiscretions

You can't believe
You want me
Betting on your label

You can't believe your sin
You know you want my skin
You've got it all stacked up
Nothing but illusion

You can't believe your eyes
You know you can't disguise
You've got it all would up
Desperate to believe in

NICOLA TEWHARE

Music Made for Lesbians

You can't perceive
You're quite discreet
A perfect situation

You can't believe your luck
You know you're never stuck
Got be all tied up
Serious intentions

You can't believe your love
You know it's from above
You've got it all sewn up
Intelligent discussions

You can't deceive
You'll never be
Careful of my feelings
