I Want Her

I want to get to know her
I want to ride her slow
I want to see her fever
I want to feel her go

She's a soft-hearted woman
She takes care of all the bills
She plays with the children
She has parties with the girls

I want to get to know her
I want to ride her slow
I want to see her fever
I want to feel her go

She's a woman of the times
She's a woman of fine wine
She's a natural seducer
She's a woman on my mind

She's a woman with a passion
She's a woman with a flow
She's a woman with a dream
She's a woman with a show

I want to get to know her
I want to ride her slow
I want to see her fever
I want to feel her go

I want to get to know her
I want to ride her slow
I want to see her fever
I want to feel her go

I just want her
I just want her slow
