Music Made for Lesbians

Out of Control

Why can't I forget you
Why can't I let go
Why does my heart beat faster
I feel out of control

Every day I work for a living
Pay the bills and still keep giving
Go home and put on my music
Dance in the night and put on my lipstick

Every day I look for the meaning
Thoughts of you still keep me dreaming
Always playing scenes in my mind
Trying to move on without all these signs

Why can't I forget you
Why can't I let go
Why does my heart beat faster
I feel out of control

Every day I want to be free to explore
Hoping to find you at my door
I am compelled to watch in fright
Your obvious need to see me at night

Why can't I forget you
Why can't I let go
Why does my heart beat faster
I feel out of control
I feel out of control
I feel out of control
