NICOLA TEWHARE

Music Made for Lesbians

Slave

Behind your smile is a sordid secret
Your lips are made for a higher banquet
You take charge of every situation
Never letting in another equation

Behind your pose is a harder purpose
Your body is made to warm the heartless
Impossible to break your true alignment
Your presence reminds me of your excitement

I'm dealing with a devil woman
I'm dealing with the same
I need another soul decision
Can I sign up as your slave
Can I sign up as your slave

Behind your truth is the garden of eden
Your eyes are made to compel and deepen
You are the reason that hell was invented
My heart is bound and I'm clearly tormented

I'm dealing with a devil woman
I'm dealing with the same
I need another soul decision
Can I sign up as your slave
Can I sign up as your slave
